

=====
The 5th International Conference on
Pervasive Computing and Applications
(ICPCA 2010)
CALL FOR PAPERS
<http://icpca.lzu.edu.cn/>
Maribor, Slovenia, December 1-4, 2010
=====

- **Topics:**
- Mobile and Wireless Networks and Communications
- Semantic technologies in Pervasive Computing
- Context-awareness
- Data Grid and Data Cloud
- Distributed data and knowledge management
- Distributed intelligence
- Innovative HCI Technologies
- Socio-technical Issues in Pervasive Computing
- Applications and case studies

ICPCA2010 extends its interests in pervasive computer with special tracks on collaborative work, health care, e-learning, emergency management, security, etc. In addition to technical papers, ICPCA2010 will include keynote speeches, panel discussions, late breaking results, and demonstrations.

- **Submission of Papers:**

All papers must be unpublished and should not be under simultaneous review for any other conferences and workshops. Papers must be written in English and formatted according to the Springer conference proceedings. Research papers should be no more than 15 pages including references and illustrations. Position papers and system demos are also welcome. Electronic submissions in PDF or PS format are recommended.

- **Important Dates:**
- **Technical paper**
Deadline for submission 01/07/2010
Notification of acceptance 15/09/2010

Camera-ready deadline 15/10/2010

- **System demo/position paper/etc.**

Deadline for submission 01/09/2010

Notification of acceptance 15/09/2010

Camera-ready deadline 15/10/2010

This conference is sponsored by IEEE Slovenia Section and Lanzhou University. All papers accepted will be indexed by EI. For more information, please contact us□
